

“The Excellence Scholarship shaped my life at a key moment”

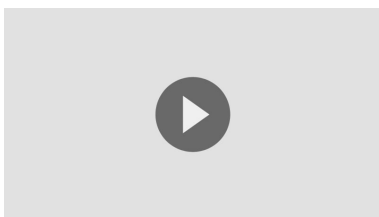

Juliana Zapata Riveros is one of the approximately 7500 donors of ETH Zurich who promote young talents, ambitious researchers and exceptional research projects with their contributions.

In 2009, Juliana Zapata Riveros was awarded an Excellence Scholarship to pursue a Master's degree in Energy Science & Technology at ETH Zurich. Today, she is researching measures to accelerate the energy transition and is developing innovative business models for sustainable energy systems in cities at the ZHAW. In the video, she explains why she promotes young talent at ETH.
